PROJECTS

Oct 2020 - Jan 2021

Books Arabic Forum

I used ASP.net core in building the website the idea of the forum is for interaction and exchanging the knowledge in Arabic Language of the book by comments, the user should register to see the books and enable him to comment and he can log in and log out.

Jan 2021 - Apr 2021

Angular and Frontend Projects

I have built many Frontend Angular projects that interact with API Jond Many projects with bootstrap, JQuery, CSS and HTML and I built Responsive and awesome pages also I am great at bootstrap and CSS and Frontend in general.

Mar 2021 - Apr 2021

Hats API

I have built API that Sends Data about Hat Information and receives Data to store on database and we can Edit it and Delete it.
